

Knowledge is **Power**. Are all your employees em**Power**ed?

Let experienced **Synthasys** trainers assist your team, giving your users the knowledge and empowerment they need to fully utilize your systems.

Why Train Now?

- ✓ You need the last drop of efficiency out of **new and improved functionality**
- ✓ You need to compensate for **employee turnover**
- ✓ **Knowledge transfer** from previous users has diminished the educational experience
- ✓ Your employees need a “refresher course” to **enhance their proficiency**

Cutting corners in training your employees reduces the productivity of your whole company. Achieving business results does not come solely from the business system, but from **skilled** and **empowered** people who fully understand the capabilities of your **software**.

Advantages to On-Site training:

- ✓ Training is performed using **your “real-life” data**
- ✓ Employee Travel and Entertainment **expenses are alleviated**
- ✓ Specific user issues within **your** organization are addressed
- ✓ Training is **Private** and **confidential**, not shared with other companies
- ✓ Synthasys training rates are **extremely competitive**
- ✓ **Custom Training** agendas can be modified to meet your needs
